Terms and Conditions of Issuance of Share Acquisition Rights
(Sumitomo Mitsui Trust Holdings, Inc., Fifth series)

(1) Type and number of shares that are the subject of share acquisition rights

1,000 SuMi TRUST Holdings common shares per one share acquisition right.

Where SuMi TRUST Holdings conducts a share split or consolidation of shares, the number of shares that are the subject of share acquisition rights shall be adjusted using the following formula. However, the adjustment shall be made only for those shares that are the subject of share acquisition rights that are not exercised at the time of the share split or consolidation of shares. Fractions less than one share arising from the adjustment shall be rounded down.

$$\text{Number of shares after adjustment} = \text{Number of shares before adjustment} \times \text{Split/ consolidation ratio}$$

Moreover, if SuMi TRUST Holdings conducts a merger, company split, share exchange, or share transfer (collectively, the “Mergers, etc.”), or an allotment of shares without contribution, or in any cases where adjustments of the number of shares are required, the number of shares may be adjusted within a reasonable scope by taking into consideration the conditions of the Mergers, etc. or those of the allotment of shares without contribution, or other factors.

(2) Total number of share acquisition rights

327 rights.

The above number of rights is the number of rights planned to be allotted. If the total number of share acquisition rights to be allotted declines, such as where applications for subscription are not made, then the total number of share acquisition rights to be allotted shall be the total number of share acquisition rights to be issued.

(3) Amount to be paid in for share acquisition rights

The amount to be paid in upon allotment of each share acquisition right shall be the amount of (x) the option price per SuMi TRUST Holdings common share calculated by the Black-Scholes Model based on the basic numerical values set forth in 2) to 7) below multiplied by (y) the number of shares that are the subject of the share acquisition right (fractions less than one yen shall be rounded up).

$$C = Se^{-qT} N(d) - Xe^{-rT} N(d - \sigma\sqrt{T})$$

$$d = \frac{\ln\left(\frac{S}{X}\right) + \left(r - q + \frac{\sigma^2}{2}\right)T}{\sigma\sqrt{T}}$$

- 1) Option price per share (C)
- 2) Share price (S): closing price of July 31, 2015, for the regular exchange of SuMi TRUST Holdings common shares at the Tokyo Stock Exchange (closing price of the immediately preceding day if there is no closing price for the above date)
- 3) Exercise Price (X): the amount described at (4) below
- 4) Expected remaining period (T): 2.59 years
- 5) Share price volatility (σ): share price volatility rate calculated based on the closing price of every last trading day of a week during the past consecutive period

- corresponding to the expected remaining period set forth in 4) above, for the regular exchange of SuMi TRUST Holdings common shares
- 6) Risk-free interest rate (r): interest rate on Japanese government bonds, of which the remaining years correspond to the expected remaining period set forth in 4) above
- 7) Dividend yield (q): dividend per share \div share price mentioned in 2) above
- 8) Cumulative distribution function of standard normal distribution ($N(\cdot)$)

The amount obtained above is the fair price of a share acquisition right; therefore, the issuance does not constitute a favorable issue. Any person who is allotted a share acquisition right shall, instead of paying the amount to be paid-in, offset the payment with his/ her remuneration claim that he/ she has against SuMi TRUST Holdings.

(4) Amount of assets to be contributed upon the exercise of share acquisition rights

The amount of assets to be contributed upon the exercise of share acquisition rights shall be calculated by multiplying (x) the amount to be paid-in upon the exercise of share acquisition rights per share (the “Exercise Price”), which is (1) yen, and (y) the number of shares that are the subject of the share acquisition right.

(5) Exercise period of share acquisition rights

The exercise period shall be from August 31, 2015, to July 30, 2045. If the last day of the exercise period falls on a SuMi TRUST Holdings holiday, the immediately preceding business day shall be the last day.

(6) Conditions for exercising share acquisition rights

1) The holder of a share acquisition right may exercise share acquisition rights from the day immediately following the date when that holder of a share acquisition right ceases to hold any position as a director or an executive officer of SuMi TRUST Holdings or SuMi TRUST Bank.

2) When a share acquisition right holder dies, provided that a single statutory heir (the “Transferee of Right”) inherits all the share acquisition rights, the Transferee of Right may exercise the share acquisition rights. If the Transferee of Right dies, then the heirs of the Transferee of Right cannot inherit the share acquisition rights.

(7) Matters regarding capital stock and capital surplus that are to increase when shares are issued upon the exercise of share acquisition rights

1) The amount of capital stock that is to increase when shares are issued upon the exercise of share acquisition rights shall be the amount equivalent to half of the maximum limit of capital increase that is calculated according to the Ordinance on Accounting of Companies, Article 17, Paragraph 1. If fractions less than one yen arise because of the calculation, then the fractions shall be rounded up.

2) The amount of capital surplus that is to increase when shares are issued upon the exercise of share acquisition rights shall be the amount obtained by deducting (x) the amount of the capital stock to be increased set forth in 1) above from (y) the maximum limit of capital increase mentioned in 1) above.

(8) Restriction on transfer of share acquisition rights

The acquisition of share acquisition rights by transfer shall require approval of the board of directors.

(9) Conditions for acquisition of share acquisition rights

1) If a share acquisition right holder no longer satisfies the conditions for exercising share acquisition rights subject to (6) above, SuMi TRUST Holdings may acquire his/ her share acquisition rights without charge.

2) If any of the following occurs to a share acquisition right holder, SuMi TRUST Holdings may, subject to a resolution of its board of directors' meeting, acquire the share acquisition rights of the share acquisition right holder without charge.

(A) If a share acquisition right holder materially breaches laws or SuMi TRUST Holdings' internal regulations.

(B) If a share acquisition right holder is punished by imprisonment without work or by a punishment that is more severe.

(C) If a share acquisition right holder assumes or agrees to assume the office of an officer of, or is employed or agrees to be employed by, any competitive companies without SuMi TRUST Holdings' prior approval.

(D) If a share acquisition right holder offers to waive all of his/ her share acquisition rights.

3) If a proposal to approve a merger agreement under which SuMi TRUST Holdings will be an extinct company is approved at SuMi TRUST Holdings' shareholders' meeting, or if a proposal to approve a share exchange agreement or a share transfer plan under which SuMi TRUST Holdings will be a wholly-owned subsidiary company is approved at SuMi TRUST Holdings' shareholders' meeting, then SuMi TRUST Holdings may acquire share acquisition rights without charge.

(10) Treatment of share acquisition rights if SuMi TRUST Holdings conducts organizational restructuring

If SuMi TRUST Holdings conducts a merger (limited to where SuMi TRUST Holdings is extinguished in a merger), absorption-type split or incorporation-type split (in each case, limited to where SuMi TRUST Holdings is a splitting company), or share exchange or share transfer (in each case, limited to where SuMi TRUST Holdings becomes a wholly-owned subsidiary company) (collectively, the "Organizational Restructuring"), SuMi TRUST Holdings shall provide share acquisition right holders who held the remaining share acquisition rights (the "Remaining Share Acquisition Rights") at the time immediately preceding the effective date of the Organizational Restructuring (i.e., the date on which an absorption-type merger becomes effective, the date on which a stock company is incorporated through a consolidation-type merger, the date on which an absorption-type split becomes effective, the date on which a stock company is incorporated through an incorporation-type split, the date on which a share exchange becomes effective, or the date on which a wholly-owning parent company is incorporated through a share transfer; hereinafter the same) with share acquisition rights of any of the stock companies listed in the Companies Act, Article 236, Paragraph 1, Item (viii), (i) to (ho) (inclusive) (the "Organizational Restructuring Company") according to the respective Organizational Restructuring.
