Financial Data:

Notes to the Interim Consolidated Financial Statements (Unaudited)

Basis of Presentation of Financial Statements

The accompanying interim consolidated financial statements (banking account) have been prepared from the accounts maintained by Sumitomo Mitsui Trust Holdings, Inc. ("SuMi TRUST Holdings") and its consolidated subsidiaries (together, the "SuMi TRUST Group") in accordance with accounting principles generally accepted in Japan and certain accounting and disclosure rules under the Financial Instruments and Exchange Act of Japan and the Banking Act of Japan, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards.

In preparing these interim consolidated financial statements, the interim consolidated financial statements of SuMi TRUST Holdings issued in Japan have been reclassified and rearranged in order to present them in a form that is more familiar to readers outside Japan.

The interim consolidated financial statements are stated in Japanese yen, the currency of the country in which SuMi TRUST Holdings is incorporated and operates. The translation of Japanese yen amounts into U.S. dollar amounts is included solely for the convenience of readers outside Japan. The translation has been made at the rate of ¥107.93 to U.S. \$1, the approximate rate of exchange as of September 30, 2019. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

Amounts less than one million Japanese yen have been rounded down and amounts less than one million U.S. dollars have been rounded off. As a result, total balances may not be equal to the sum of individual amounts.

Significant Accounting Policies and Practices**1. Scope of Consolidation**

(1) Consolidated Subsidiaries as of September 30, 2019:

59 companies

Principal Company:

Sumitomo Mitsui Trust Bank, Limited ("SuMi TRUST Bank")

Changes in the consolidated subsidiaries during the interim period ended September 30, 2019, are as follows:

Sumitomo Mitsui Trust Life Partners Co., Ltd. is included in the scope of consolidation from the interim period ended September 30, 2019, due to the acquisition of its shares.

CMTH Preferred Capital 7 (Cayman) Limited and two

other companies are excluded from the scope of consolidation from the interim period ended September 30, 2019, due to their liquidation.

(2) Unconsolidated Subsidiaries

Principal Companies:

Hummingbird Co., Ltd.

ASIA GATEWAY I, L.P.

Hummingbird Co., Ltd. and 22 other companies are excluded from the scope of consolidation in accordance with Article 5, Paragraph 1, Item 2 of "Ordinance on Terminology, Forms and Preparation Methods of Interim Financial Statements, etc.," because they are operators engaged in leasing activities through silent partnership arrangements and their assets and profits/losses do not belong to the subsidiaries.

ASIA GATEWAY I, L.P. and other unconsolidated subsidiaries are excluded from the scope of consolidation because they are immaterial to the extent that excluding such companies from consolidation would not prevent a reasonable assessment of the corporate group's financial position and financial results. Such materiality is determined based on the size of their assets, ordinary income, net income (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries), retained earnings (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries), accumulated other comprehensive income (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries), and other financial data.

2. Application of the Equity Method

(1) Unconsolidated Subsidiaries Accounted for by the Equity Method:
None

(2) Affiliated Companies Accounted for by the Equity Method:
33 companies

Principal Companies:

SBI Sumishin Net Bank, Ltd.

Changes in the affiliated companies accounted for by the equity method during the interim period ended September 30, 2019, are as follows:

MJV Co., Ltd. and two other companies are newly established and included in the scope of the application of the equity method from the interim period ended September 30, 2019.

(3) Unconsolidated Subsidiaries and Affiliated Companies That Are Not Accounted for by the Equity Method

Principal Companies:

Hummingbird Co., Ltd.

ASIA GATEWAY I, L.P.

Hummingbird Co., Ltd. and 22 other companies are excluded from the scope of the application of the equity method in accordance with Article 7, Paragraph 1, Item 2 of "Ordinance on Terminology, Forms and Preparation Methods of Interim Financial Statements, etc.," because they are operators engaged in leasing activities through silent partnership arrangements, and their assets and profits/losses do not belong to the subsidiaries.

ASIA GATEWAY I, L.P. and other unconsolidated subsidiaries and affiliated companies that are not accounted for by the equity method are excluded from the scope of application of the equity method because such exclusion would not materially affect the interim consolidated financial statements. Such materiality is determined based on the size of their net income (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries and affiliated companies), retained earnings (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries and affiliated companies), accumulated other comprehensive income (amount corresponding to SuMi TRUST Holdings' interest in subsidiaries and affiliated companies), and other financial data.

3. Interim Balance Sheet Dates of the Consolidated Subsidiaries

(1) The interim balance sheet dates of consolidated subsidiaries are as follows:

October 31:	2 companies
November 30:	1 company
February 28:	1 company
March 31:	5 companies
May 31:	1 company
June 30:	6 companies
September 30:	43 companies

(2) Subsidiaries are consolidated using the interim financial statements as of the following dates:

- Subsidiaries with an interim balance sheet date of October 31: Provisionally prepared interim financial statements as of July 31
- A subsidiary with an interim balance sheet date of

November 30: Provisionally prepared interim financial statements as of August 31

- A subsidiary with an interim balance sheet date of February 28: Provisionally prepared interim financial statements as of August 31
- Subsidiaries with an interim balance sheet date of March 31: Provisionally prepared interim financial statements as of September 30
- A subsidiary with an interim balance sheet date of May 31: Provisionally prepared interim financial statements as of August 31
- Other subsidiaries: Interim financial statements as of their respective interim balance sheet dates.

Material transactions arising between the interim consolidated balance sheet date, September 30, 2019, and the above interim balance sheet dates of consolidated subsidiaries have been reflected in the interim consolidated financial statements.

4. Significant Accounting Policies

(1) Trading Assets/Liabilities and Income/Expenses

Trading account activities are conducted to seek profits by taking advantage of short-term fluctuations in interest rates, currency rates, financial markets or other indicators, or intermarket differences (for trading purposes). The fluctuations in such items are presented as "Trading Assets" or "Trading Liabilities" in the interim consolidated balance sheets on a trade-date basis, and gains and losses from such transactions are presented as "Trading Income" or "Trading Expenses" in the interim consolidated statements of income.

For the measurement of trading assets and trading liabilities, securities and monetary claims are stated at their fair values as of the interim consolidated balance sheet date, and trading-related financial derivatives, such as swaps, futures, and options, are stated at the amounts that would be settled if they were terminated on the interim consolidated balance sheet date.

Trading income and trading expenses include interest income or expenses, adjusting valuation differences of securities and monetary claims during the interim period and differences in resulting gains or losses from the settlement of financial derivatives assuming that the settlement was made as of September 30, 2019.

(2) Securities

(a) Under the accounting standards for financial instruments in Japan, SuMi TRUST Holdings is required to determine the purposes of holding each security and classify such security into (i) securities held for trading purposes ("Trading Securities"), (ii) debt securities intended to be held to maturity ("Held-to-Maturity Debt Securities"), (iii) equity securities issued by subsidiaries and affiliated companies, or (iv) all other securities that are not classified in any of the above categories ("Available-for-Sale Securities"). "Held-to-Maturity Debt Securities" are carried at amortized cost using the moving-average method (the straight-line method). Equity securities issued by unconsolidated subsidiaries and affiliated companies not accounted for by the equity method are stated at moving-average cost. "Available-for-Sale Securities" are, in principle, valued at the market price at the interim balance sheet date (cost of securities sold is calculated using primarily the moving-average method). "Available-for-Sale Securities" for which their fair values are extremely difficult to be determined are carried at cost using the moving-average method.

Valuation differences on "Available-for-Sale Securities" are recorded as a separate component of net assets and reported in the interim consolidated balance sheets.

(b) Securities in money held in trust are classified and accounted for in the same manner as those described in 4. (1) and 4. (2) (a) above.

(3) Financial Derivatives

Financial derivatives, excluding those for trading purposes, are stated at fair value.

(4) Depreciation and Amortization Methods

(a) Tangible fixed assets other than lease assets

Tangible fixed assets are depreciated using primarily the straight-line method.

Useful lives of major asset categories:

Buildings: 3 to 60 years

Others: 2 to 20 years

(b) Intangible fixed assets other than lease assets

Intangible fixed assets are amortized using the straight-line method. Software for internal use is amortized over the useful life specified by SuMi TRUST Holdings or the consolidated subsidiaries, which is generally five years.

Goodwill is amortized over a reasonable number of years, determined for each case, up to a maximum of 20 years. However, if immaterial, goodwill is expensed in its entirety in the year in which it arises.

(c) Lease assets

The lease assets under "Tangible Fixed Assets" and "Intangible Fixed Assets" that are related to finance leases that do not transfer ownership of the lease assets to lessees are depreciated using the straight-line method over the lease term, assuming a residual value of zero.

(5) Allowance for Loan Losses

The major domestic consolidated subsidiaries record allowance for loan losses in accordance with internally established criteria for write-offs and allowance for loan losses.

For claims against borrowers that have initiated special liquidation proceedings or other bankruptcy proceedings ("legal bankruptcy") and against borrowers that are in a substantially similar adverse condition ("virtual bankruptcy"), the allowance is provided based on the amount of claims, after the write-off stated below, net of the expected amount of recoveries from collateral and guarantees. For claims against borrowers that have not yet initiated bankruptcy proceedings, but are very likely to become bankrupt in the future ("possible bankruptcy"), an allowance is provided for the amount deemed necessary based on the overall assessment of the borrowers' solvency, after deducting the amount expected to be collected through the disposal of collateral or execution of guarantees from the claims.

For claims against large borrowers with certain credit risks and credit amounts that are classified as possible bankruptcy borrowers, restructured loan borrowers, or close-observation borrowers, if future cash flows from the collection of the principal and interest can be reasonably estimated, the allowance is provided for the difference between the present value of expected future cash flows discounted at the contracted interest rate prior to the loan restructuring and the carrying amount of the claim (the "estimated cash flow method").

For claims that are classified as other than those above, the allowance is provided based on the historical loan-loss ratios during a certain period.

All claims are assessed at branches and credit supervision departments based on the criteria for self-assessment

of asset quality. The Risk Management Department, which is independent from operating sections, monitors the results of such assessments.

As for the other consolidated subsidiaries, the allowance for loan losses for general claims is provided based on the historical loan-loss ratios, and the allowance for loan losses for specific claims, such as possible uncollectible claims, is provided based on the estimate of unrecoverable amount for each claim.

For claims against borrowers who are legally bankrupt or virtually bankrupt with collateral or guarantees, claims against borrowers in legal or virtual bankruptcy, net of amounts expected to be collected through the disposal of collateral or through the execution of guarantees, are directly deducted from the original amount of claims. The deducted amount was ¥20,181 million (U.S. \$187 million) for the six months ended September 30, 2019.

(6) Provision for Bonuses

A provision for bonuses is provided for the estimated employee bonuses attributable to the current interim period.

(7) Provision for Directors' Bonuses

A provision for directors' bonuses is provided at SuMi TRUST Holdings and some of the consolidated subsidiaries for the estimated directors' bonuses attributable to the current interim period.

(8) Provision for Stocks Payment

A provision for stocks payment is provided for estimated stock-based payments to directors of SuMi TRUST Holdings and some consolidated subsidiaries under a stock-based compensation scheme that have been earned by September 30, 2019.

(9) Provision for Reward Points Program

A provision for reward points program is provided for the use of points granted to holders of Diners Club Card and other credit cards in the amount deemed necessary based on the reasonable estimates of the points to be used in the future.

(10) Provision for Reimbursement of Deposits in Dormant Accounts

At SuMi TRUST Bank, a provision for reimbursement of

deposits in dormant accounts is provided for the deposits that were derecognized as liabilities under certain conditions. Such provision is provided against the estimated future reimbursement to be requested by customers based on the past reimbursement record.

(11) Provision for Contingent Losses

A provision for contingent losses is provided for losses associated with off-balance-sheet transactions or trust transactions in the amount deemed necessary based on the estimated possible future losses.

(12) Accounting for Retirement Benefits

In determining the retirement benefit obligations, projected benefits to the periods up to the interim period ended September 30, 2019, are attributed based on the plan's benefit formula. Past service cost and actuarial gains or losses are expensed using the following methods:

Past service cost: Past service cost is recognized using the straight-line method, primarily over 10 years, within the employees' average remaining service period at incurrence.

Actuarial gains or losses: Actuarial differences are expensed using the straight-line method, primarily over 10 years, within the employees' average remaining service period, commencing from the next fiscal year of incurrence.

Some consolidated subsidiaries adopt the simplified method in calculating liabilities for retirement benefits and retirement benefit expenses for lump-sum retirement benefit plans, recording liabilities at amounts that would be required for voluntary termination at the end of the current interim period.

(13) Foreign Currency Translation

Assets and liabilities of SuMi TRUST Bank that are denominated in foreign currencies and overseas branch accounts are generally translated into yen at the exchange rates prevailing at the interim consolidated balance sheet date, except for shares of stocks in affiliated companies translated into yen at the exchange rates prevailing at the acquisition dates.

Assets and liabilities of other consolidated subsidiaries that are denominated in foreign currencies are translated into yen at the exchange rates prevailing at their respective interim balance sheet dates.

(14) Accounting for Leases

As for the consolidated subsidiaries in Japan, income and expenses arising from transactions of finance leases that do not transfer ownership to lessees are recognized as sales and costs of goods sold when lease payments are collected.

(15) Hedge Accounting

(a) Interest-related risk hedge

SuMi TRUST Bank manages interest rate risk arising from various assets and liabilities by using financial derivative transactions. Such transactions are generally treated as deferred hedges as specified in "Treatment for Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry" (Japanese Institute of Certified Public Accountants ("JICPA") Industry Auditing Committee Report No. 24 of February 13, 2002, "Report No. 24"). To evaluate the effectiveness of hedges designed to offset market fluctuations, hedged items, such as deposits, loans and bills discounted, and hedging instruments, such as interest rate swaps, are grouped by duration to maturity. The effectiveness of hedges designed to fix cash flow is evaluated by verifying the correlation between the interest volatility factors for the hedged items and those for the hedging instruments.

In accordance with "Temporary Treatment for Accounting and Auditing concerning Application of Accounting Standard for Financial Instruments in Banking Industry" (JICPA Industry Auditing Committee Report No. 15), SuMi TRUST Bank has adopted "Macro Hedge Accounting" to account for certain interest-related derivatives, which are utilized to manage interest rate risk arising from transactions, such as loans and bills discounted, and deposits. Deferred gains (losses) on hedges in the interim consolidated balance sheet as of the end of the current interim period that have resulted from existing "Macro Hedge Accounting" are amortized over the remaining period designated under "Macro Hedge Accounting" for each hedging transaction.

Deferred losses on hedges associated with "Macro Hedge Accounting" during the current interim period ended September 30, 2019, totaled ¥46 million (U.S. \$0.4 million) (before tax effect).

(b) Currency-related risk hedge

SuMi TRUST Bank manages the foreign exchange risk arising from various assets and liabilities denominated in

foreign currencies using financial derivative transactions. Such transactions are generally treated as deferred hedges as specified in "Treatment for Accounting and Auditing of Application of Accounting Standard for Foreign Currency Transactions in Banking Industry" (JICPA Industry Auditing Committee Report No. 25 of July 29, 2002, "Report No. 25"). The effectiveness of hedging instruments, such as cross-currency swaps and foreign exchange swaps, as a means of mitigating the foreign exchange risk arising from monetary claims and debts denominated in foreign currencies, is evaluated by verifying that the foreign currency positions of such hedging instruments are in amounts equivalent to the corresponding monetary claims and debts denominated in foreign currencies, which are the hedged items.

Additionally, transactions intended to hedge the foreign exchange risk associated with foreign currency-denominated securities (other than bonds) are treated as portfolio hedges. Fair value hedge accounting has been adopted to account for such transactions on the conditions that specific foreign currency-denominated securities are designated in advance as hedged items and that foreign currency payables of spot and forward foreign exchange contracts exist in excess of the acquisition cost of such foreign currency-denominated securities on a foreign currency basis.

The foreign exchange risk associated with investment in the shares of stocks in foreign subsidiaries and affiliated companies is individually hedged using forward exchange contracts denominated in the same currency, and foreign currency translation adjustments arising from the hedging instruments are included in "Foreign Currency Translation Adjustments."

(c) Internal hedge transactions and others

Among derivative transactions of SuMi TRUST Bank that take place between consolidated subsidiaries or that are made internally between designated trading accounts and some other accounts, those interest rate swaps and cross-currency swaps designated as hedging instruments are carried out in accordance with standards for cover deals with external parties, which eliminate discretion and enable strict management on hedges pursuant to Report No. 24 and Report No. 25. Accordingly, income or expenses arising from such interest rate swaps and cross-currency swaps are recognized as profits or losses, or deferred, rather than eliminated.

Deferred hedge accounting has been adopted for certain assets and liabilities by individual transactions.

Other consolidated subsidiaries account for such transactions as deferred hedges or exceptional treatment for interest rate swaps by individual transactions.

(16) Scope of Cash and Cash Equivalents in the Interim Consolidated Statements of Cash Flows

The balance of "Cash and Cash Equivalents" in the interim consolidated statements of cash flows is equivalent to the balance of "Cash and Due from Banks" presented in the interim consolidated balance sheets (cash and due from the Bank of Japan for SuMi TRUST BANK and Japan Trustee Services Bank, Ltd. ("JTSB")).

(17) National and Local Consumption Taxes

National and local consumption taxes ("consumption taxes") payable by SuMi TRUST Holdings and its consolidated subsidiaries in Japan are accounted for by the tax-excluded method. However, any nondeductible consumption taxes associated with asset purchases are recorded as expenses in the current interim period.

(18) Adoption of Consolidated Tax Return System

SuMi TRUST Holdings has adopted the consolidated tax return system from the interim period ended September 30, 2019.

Additional Information

Share Delivery Trust for the Directors

1. Overview

From the interim period ended September 30, 2019, a Performance-Based Stock Compensation System (the "System") is introduced that utilizes a trust, and applies to SuMi Trust Holdings' directors (excluding directors who are Audit Committee members and external directors) and executive officers (as defined in the Companies Act and as defined in SuMi Trust Holdings' internal policies), and the directors (excluding directors who are Audit and Supervisory Committee members and external directors) and executive officers (as defined in the internal policies) of SuMi TRUST Bank and Sumitomo Mitsui Trust Asset Management Co., Ltd. ("SuMi TRUST AM"), which are core companies of the SuMi TRUST Group. The above mentioned directors and executive officers of SuMi TRUST Holdings, SuMi TRUST Bank, and SuMi TRUST AM are collectively referred to as the "Directors."

Under the System, a portion of the remuneration of the Directors is linked to performance targets set out in SuMi TRUST Holdings' current Midterm Management Plan and those set in the midterm management plans to be established for every three fiscal years from next fiscal year. By paying part of the remuneration for Directors in shares, the linkage between the remuneration of the Directors and the performance of the SuMi TRUST Group becomes clearer, and the Directors share the same benefits and risks of share price fluctuations with the shareholders. Through these initiatives, the System is designed to heighten the Director's attention to enhancement of medium- and long-term business performance and the corporate value of the SuMi TRUST Group.

SuMi TRUST Holdings contributes money to a trust set up under the System, and the trust acquires shares of SuMi TRUST Holdings. The Directors are awarded points based on the Shares Delivery Rules established individually by SuMi TRUST Holdings, SuMi TRUST Bank, and SuMi TRUST AM, and the number of shares of SuMi TRUST Holdings corresponding to the points granted are issued to the Directors through the trust.

2. Remaining Number of Shares of SuMi TRUST Holdings Held by the Trust

The carrying amount and the number of shares of SuMi TRUST Holdings held by the Trust as of September 30, 2019, was ¥1,469 million (U.S. \$14 million) and 429 thousand shares. The shares are recorded as treasury stock in the net assets section of the interim consolidated balance sheet.

Notes to the Interim Consolidated Balance Sheets

1. Securities

"Securities" include stocks and equity investments in unconsolidated subsidiaries and affiliated companies.

Securities That Are Further Collateralized	¥ 114,701	\$ 1,063
Securities That Are Further Loaned	1,261,712	11,690
Securities Held without Selling or Repledging as of the End of the Current Period	22,475	208

2. Loans and Bills Discounted

Loans and bills discounted as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Loans in Bankruptcy Proceedings	¥ 6,106	\$ 57
Delinquent Loans	72,893	675

Loans in bankruptcy proceedings are loans whose interest receivable is not recorded due to delinquency in principal or interest payments for a significant period or other reasons excluding loans that have been written off ("non-accrual loans") and due to the reasons as prescribed in Paragraph 1, Items 3 and 4 of Article 96 of "Enforcement Ordinance for the Corporation Tax Act" (Cabinet Order

No. 97 of 1965).

Delinquent loans are nonaccrual loans other than (i) loans in bankruptcy proceedings and (ii) loans for which the terms of interest payments have been extended in connection with the borrower's business restructuring or to otherwise provide support.

3. Loans Past Due Three Months or More

Loans past due three months or more as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Loans Past Due Three Months or More	¥ 2,000	\$ 19

Loans past due three months or more are those loans for which principal or interest payments are more than three months past due (calculated from the day following the

contractual payment date), excluding loans classified as loans in bankruptcy proceedings or delinquent loans.

4. Restructured Loans

Restructured loans as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Restructured Loans	¥ 35,162	\$ 326

Restructured loans are those loans whose terms have been modified by reducing or waiving interest, granting interest payment extensions, granting principal repayment extensions, forgiving debt, or otherwise providing some arrangements favorable to the borrower in connection with

the borrower's business restructuring or to otherwise provide support, excluding those loans classified as loans in bankruptcy proceedings, delinquent loans, or loans past due three months or more.

5. Total of Loans in Bankruptcy Proceedings, Delinquent Loans, Loans Past Due Three Months or More, and Restructured Loans

Total of loans in bankruptcy proceedings, delinquent loans, loans past due three months or more, and restructured loans as of September 30, 2019, consists of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Total of Loans in Bankruptcy Proceedings, Delinquent Loans, Loans Past Due Three Months or More, and Restructured Loans	¥ 116,162	\$ 1,076

The amounts presented in Notes 2 through 5 are before deducting allowances for loan losses.

6. Bills Discounted

Bills discounted are treated as financial transactions in accordance with Report No. 24. SuMi TRUST Holdings has a free disposal right to sell or (re)pledge such commercial bills. The total face value of such bills is as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Bills Discounted	¥ 1,560	\$ 14

7. Assets Pledged as Collateral

Assets pledged as collateral as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Assets Pledged as Collateral:		
Trading Assets	¥ 20,984	\$ 194
Securities	991,875	9,190
Loans and Bills Discounted	4,728,867	43,814
Lease Receivables and Investment Assets	59,485	551
Other Assets	46,578	432
Total	¥ 5,847,791	\$ 54,181
Corresponding Liabilities to Assets Pledged as Collateral:		
Deposits	¥ 33,891	\$ 314
Payables under Repurchase Agreements	772,436	7,157
Payables under Securities Lending Transactions	141,156	1,308
Borrowed Money	2,873,148	26,620

In addition to the foregoing, the following assets have been pledged as collateral for settlement of exchange and others, or as a substitution of margin of futures and others.

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Securities	¥ 394,809	\$ 3,658

“Other Assets” include initial margins of futures, security deposits, cash collateral paid for financial instruments, and cash collateral paid for repurchase agreement transactions. Such amounts are as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Initial Margins of Futures Markets	¥ 11,439	\$ 106
Security Deposits	25,080	232
Cash Collateral Pledged for Financial Instruments-Assets	703,577	6,519
Cash Collateral Pledged for Repurchase Agreement Transactions	12,191	113

8. Overdraft Facility Agreements and Commitment Lines of Credit

Overdraft facility agreements and commitment lines of credit are agreements to extend a certain amount of credit at the customer's request as long as the terms of the agreement have not been violated. The amount of unused credit under such agreements is as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Amount of Unused Credit under Agreements	¥ 12,178,766	\$ 112,839
Attributable to Agreements Expiring within One Year or which May Be Unconditionally Canceled at Any Time	8,072,182	74,791

The balance of unused credit will not necessarily affect the future cash flows of the consolidated subsidiaries because most of these agreements expire without credit being extended. Most of these agreements contain clauses allowing the consolidated subsidiaries to reject requests for credit outright or reduce the credit limits due to changed financial circumstances, the need to preserve claims, or

other reasonable causes. Besides requesting collateral, such as real estate or securities, as necessary at the time of entering into the agreement, the consolidated subsidiaries have also adopted other measures to keep its credit sound, such as periodically assessing the condition of customers' businesses following the internal procedures and revising agreements, as necessary.

9. Revaluation Reserve for Land

In accordance with the Act on Revaluation of Land (Act No. 34, promulgated on March 31, 1998), land for commercial use of SuMi TRUST Bank was revalued, and the amount equivalent to the taxes on the resulting valuation difference was recorded as a “Deferred Tax Liability for Land Revaluation” in liabilities, and the amount net of such differences was recorded as a “Revaluation Reserve for Land” in net assets.

Revaluation date: March 31, 1999

Revaluation method prescribed by Paragraph 3 of Article 3 of the Act:

The revaluation is calculated by reasonably adjusting the value of land based on the posted prices for benchmark properties as prescribed by Item 1 of Article 2 of the “Order for Enforcement of the Act on Revaluation of Land” (Cabinet Order No. 119, promulgated on March 31, 1998) and the land assessments under Item 4 of Article 2 of the same Order.

10. Accumulated Depreciation of Tangible Fixed Assets

Accumulated depreciation of tangible fixed assets as of September 30, 2019, consists of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Accumulated Depreciation of Tangible Fixed Assets	¥ 163,143	\$ 1,512

11. Borrowed Money

Borrowed money includes subordinated borrowings with lower priority for fulfillment of obligation than other debts.

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019

(*1) The allowance for credit losses corresponding to "Cash and Due from Banks," "Monetary Claims Bought," and "Lease Receivables and Investment Assets" is directly deducted from the carrying amounts on the interim consolidated balance sheets, because the balance of the allowance is immaterial.

(*2) A general allowance for loan losses and specific allowances for loan losses are deducted from "Loans and Bills Discounted."

(*3) Derivative transactions recorded in "Trading Assets" and "Trading Liabilities" or in "Other Assets" and "Other Liabilities" are presented collectively. Receivables and payables arising from derivative transactions are presented on a net basis. Negative figures represent a liability balance after netting.

(Note 1) Method for Calculating Fair Values of Financial Instruments

Assets

(1) Cash and Due from Banks, (2) Call Loans and Bills Bought, (3) Receivables under Resale Agreements, (4) Receivables under Securities Borrowing Transactions, and (10) Foreign Exchanges

These instruments with transactions without stated maturities are stated at their carrying amounts because the carrying amounts approximate fair value. For transactions with stated maturities, corresponding instruments are stated at their carrying amounts because most of such transactions have short contractual terms (one year or less) and the carrying amounts approximate fair value.

(5) Monetary Claims Bought

Fair values of monetary claims bought for which counterparties' quoted prices or dealer/broker-quoted prices are available are stated at such prices. Fair values for all other claims are calculated by classifying them according to their internal ratings and maturities, and discounting future cash flows to their present values.

(6) Trading Assets

Bonds and other securities held for trading purposes are stated at dealer association prices or counterparties' quoted prices. For short-term corporate bonds, their fair values are calculated by discounting future cash flows to their present values.

(7) Money Held in Trust

Securities managed as trust assets in money held in trust, which are individually managed with the principal objective of securities portfolio management, are stated at quoted market prices or dealer/broker-quoted prices. Notes regarding money held in trust by holding purposes are presented under the "Money Held in Trust" section.

(8) Securities

Stocks are stated at quoted market prices. Bonds are stated at quoted market prices, dealer association prices, counterparties' quoted prices, or dealer/broker-quoted prices. Investment trusts are stated at published reference prices.

Fair values of privately placed bonds guaranteed by SuMi TRUST Bank are calculated by classifying them according to their internal ratings and maturities, and discounting future cash flows to their present value.

Notes regarding securities by holding purposes are presented under the "Securities" section.

(9) Loans and Bills Discounted

Fair values of loans and bills discounted are calculated by grouping loans according to loan terms, internal ratings, and maturities; and discounting the aggregate principal and interest by the assumed interest rate for similar new loans. However, floating-rate loans for which their carrying amounts are deemed to approximate fair value, due to the nature of the loan or the borrower's credit situation subsequent to the execution of the loans, are stated at their carrying amounts.

For claims executed to borrowers who went into legal bankruptcy, virtual bankruptcy, and possible bankruptcy, estimated loan losses are calculated based on the present value of estimated future cash flows or the expected recoverable amounts from collateral or guarantees. Therefore, fair values for these claims are stated at the amounts by deducting the allowance for loan losses from the amounts in the interim consolidated balance sheets at the interim consolidated balance sheet date, because such deducted amounts approximate fair value.

Loans without stated maturities (as the amount of credit is limited to the value of the collateral or due to some other special characteristics) are stated at their carrying amounts as the carrying amounts are deemed to approximate fair value because of the expected repayment periods and the interest terms.

(11) Lease Receivables and Investment Assets

Fair values of lease receivables and investment assets are calculated by grouping these assets according to their internal ratings and maturities, and discounting the aggregate principal and interest by the assumed interest rate for similar new agreements.

Liabilities

(1) Deposits and (2) Negotiable Certificates of Deposit

Demand deposits are stated at the amount that would have to be paid on demand at the interim consolidated balance sheet date (carrying amount).

Yen fixed-rate time deposits are grouped by product type and stated at the present value of their future cash flows discounted by the rates that would be paid on new deposits. Fixed-rate time deposits with short maturities (one year or less) and floating-rate time deposits are generally stated at their carrying amounts because the carrying amounts approximate fair value.

(3) Call Money and Bills Sold, (4) Payables under Repurchase Agreements, (5) Payables under Securities Lending Transactions, (7) Foreign Exchanges, (8) Short-Term Bonds Payable, and (10) Borrowed Money from Trust Account

The obligations without stated maturities are stated at the amounts that would have to be paid on demand at the interim consolidated balance sheet date (carrying amount). Obligations with stated maturities are stated at their carrying amounts, because most of the obligations have short contractual terms (one year or less) and the carrying amounts approximate the fair values.

(Note 2) The amounts of financial instruments on the interim consolidated balance sheets whose fair values are extremely difficult to be determined are as stated below, and such amounts are not included in the fair values information for financial instruments presented under the "Assets, (5) Monetary Claims Bought" or "Assets, (8) Available-for-Sale Securities" section.

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
	Carrying Amount	Carrying Amount
Monetary Claims Bought	¥ 7,573	\$ 70
Securities	191,863	1,778
Unlisted Stocks (*3)	73,820	684
Investments in Associations	89,985	834
Others	28,057	260
Total	¥ 199,436	\$ 1,848

(*1) The above financial instruments are excluded from the fair value disclosure because there are no quoted market prices, and therefore, there is no reliable measure of fair value.

(*2) Stocks of subsidiaries and affiliated companies are not included in the above table.

(*3) During the current interim period ended September 30, 2019, impairment losses of ¥1,731 million (U.S. \$16 million) were recognized against "Unlisted Stocks."

(6) Borrowed Money

Borrowed money at floating rates is stated at their carrying amounts. The carrying amounts are deemed to approximate fair value because such amounts reflect short-term market interest rates, and there have been no significant changes in credit condition subsequent to undertaking the borrowed money.

Fair values of borrowed money at fixed rates are calculated by discounting their future cash flows by the assumed interest rate on similar borrowings. Fair values for obligations with short maturities (one year or less) are stated at their carrying amounts because they approximate fair value.

(9) Bonds Payable

Bonds issued by SuMi TRUST Holdings and its consolidated subsidiaries are stated at market prices, if such prices are available. Fair values for other bonds are calculated by discounting future cash flows to their present values by the assumed interest rate on issuance of similar bonds.

Derivatives

Notes regarding fair values of derivatives are presented under the "Derivatives" section.

3. Impairment of Securities

Securities other than securities whose fair values are extremely difficult to be determined, or those deemed to be trading securities, are treated as impaired when their fair values have declined significantly from the acquisition cost and it is deemed unlikely to recover to the acquisition cost. Such securities are recorded at their fair values in the interim consolidated balance sheets. The difference between the acquisition cost and the fair values is recognized as an impairment loss.

Impairment losses of ¥1,486 million (U.S. \$14 million) on stocks were recognized during the current interim period.

The criteria for determining whether the fair values of securities have significantly declined are as follows:

- For securities whose issuers are classified as “normal” under the asset self-assessment, a decline of 50% or more in the fair values compared with the acquisition cost is deemed to be significant;
- For securities whose issuers are classified as “close-observation borrowers,” a decline of 30% or more in the fair values compared with the acquisition cost is deemed to be significant; and
- The fair values of some securities are deemed unrecoverable and impairment losses are recognized when their fair values have declined more than 30% but less than 50% from the acquisition cost and the fair values have continued to decline over a certain period.

Money Held in Trust

1. Held-to-Maturity Money Held in Trust

There is no held-to-maturity money held in trust as of September 30, 2019.

2. Other Money Held in Trust (other than those held for trading purposes or held-to-maturity)

Other money held in trust (other than those held for trading purposes or held-to-maturity) as of September 30, 2019, consists of the following:

Segment Information

1. Reportable Segment Information

The SuMi TRUST Group's reportable segments are defined as operating segments for which discrete financial information is available. The Board of Directors and the Executive Committee of the SuMi TRUST Group periodically receive reporting on the operating results and other relevant information from each of the reportable segments to make decisions about the allocation of management resources and to assess performance.

The main activities of the reportable segment are presented below:

Retail Total Solution Services:

Provision of services to individual customers

Wholesale Financial Services (Wholesale Total Solution Services Business and Wholesale Asset Management Business):

Provision of services to corporate customers

Stock Transfer Agency Services:

Undertaking of stock-related services on behalf of customers

Real Estate:

Provision of services related to the real estate business

Fiduciary Services:

Operation of the pension business, the asset management business, and the asset administration business

Global Markets:

Marketing operations, market-making operations, investment operations, and financial management operations

2. Method for Calculating Substantial Gross Business Profit and Net Business Profit

Segment information is prepared based on internal management reports and the accounting policies used for the reportable segments are generally the same as those presented under "Significant Accounting Policies and Practices"; however, the reportable segments are accounted for in accordance with the rules for internal management. Since each segment's information will not be used to make decisions about the allocation of resources or assess business performance at the management level, information about assets by reportable segment has not been generated.

"Net Business Profit" represents "Substantial Gross Business Profit," less "Substantial G&A Expenses." "Substantial Gross Business Profit" and "Substantial G&A Expenses" are financial figures generated on the basis of internal management reporting, and they represent "Substantial Gross Business Profit" and "Substantial G&A Expenses (excluding any non-recurring expenses)" of SuMi TRUST Holdings and its consolidated subsidiaries, reflecting gains or losses of equity-method affiliated companies (proportionate share of gains or losses, excluding any non-recurring items).

Income earned from inter-segment and cross-segment transactions is calculated by applying the criteria (market prices) specified in the rules for internal management.

3. Profit or Loss by Reportable Segment

The details and amounts of profit or loss by reportable segment for the six months ended September 30, 2019, are as follows:

								\$ 1,428

(Notes)

1) The figures represent "Substantial Gross Business Profit" in substitution for net sales to be presented by companies in other industries.

2) The amounts of "Substantial Gross Business Profit" include net interest income, net trust fees, net fees and commissions, net trading income, and net other ordinary income and expenses.

3) "Substantial G&A Expenses" include personnel expenses and rent expenses.

4) Figures for the "Asset Management Business" are combined total of SuMi TRUST AM, Nikko Asset Management Co., Ltd., and two affiliated companies accounted for using the equity method which are involved in asset management operations.

5) "Others" include costs of capital funding, dividends for shares for cross-shareholdings, general and administrative expenses of headquarters, and internal transactions to be eliminated.

(Additional Information)

In order to strengthen the asset management business, which is identified as a growing business area of the SuMi TRUST Group, SuMi TRUST Holdings split the asset management function from SuMi TRUST Bank, which is a consolidated subsidiary of SuMi TRUST Holdings, and integrated it into SuMi TRUST AM, which is also a consolidated subsidiary of SuMi TRUST Holdings in October 1, 2018. As a result, financial figures related to the "Asset Management

Business," which are included in the "Fiduciary Services," can be now determinable, and thus, such figures are separately disclosed under the "Fiduciary Services" as its component from the interim period ended September 30, 2019, taking into account the significance of the "Asset Management Business" in the business strategy of SuMi TRUST Group.

4. Reconciliation Between Total Profit or Loss for Reportable Segments and Income before Income Taxes in the Interim Consolidated Statements of Income

Notes to the Interim Statements of Trust Account (Unaudited)

1. Trust Accounts

Under the Trust Act of Japan, trust activities must be administered separately from a commercial banking business. As a result, assets accepted in trust must be segregated from the assets held by SuMi TRUST Holdings. Within the general category of trust accounts, each trust account is segregated from other trust assets. Accordingly, the interim financial statements of SuMi TRUST Holdings do not reflect SuMi TRUST Holdings' records as to the assets accepted in trust, which are maintained separately under the trust account.

Under certain trust agreements, repayments of the principal of the customers' trust assets are guaranteed by SuMi TRUST Bank, and such guaranteed principal as of September 30, 2019, is ¥3,847,330 million (U.S. \$35,647 million).

The translation of Japanese yen amounts into U.S. dollar amounts is included solely for the convenience of readers

outside Japan. The translation has been made at the rate of ¥107.93 to U.S. \$1, the approximate rate of exchange as of September 30, 2019. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

Amounts less than one million Japanese yen have been rounded down and amounts less than one million U.S. dollars have been rounded off. As a result, the total may not be equal to the sum of individual amounts.

Each amount presented in the interim statements of trust account as of March 31 and September 30, 2019, is equal to the trust account in SuMi TRUST Bank. Entrusted amounts between these consolidated subsidiaries for asset management are excluded from the amounts presented in the statements of trust account.

2. Loans and Bills Discounted

Under certain trust agreements, repayments of the principal of customers' trust assets are guaranteed by SuMi TRUST Bank, and loans on such guaranteed trust assets as of September 30, 2019, include the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Other Delinquent Loans	¥ 692	\$ 6
Restructured Loans	37	0
Total	¥ 730	\$ 7

3. Balance of Money Trusts

The principal amount of certain money trusts is guaranteed and the balance of these accounts is as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Assets:		
Loans and Bills Discounted	¥ 28,750	\$ 266
Securities	29	0
Other	3,818,824	35,382
Total	¥ 3,847,604	\$ 35,649
Liabilities:		
Principal	¥ 3,847,330	\$ 35,647
Allowance for Impairment of Guaranteed Trust Principal	73	1
Other	200	2
Total	¥ 3,847,604	\$ 35,649

In the case of certain money trusts, the principal amount is guaranteed, and as the above table indicates, an allowance for the impairment of guaranteed trust principal is set aside by SuMi TRUST Bank. The figures in the table include funds entrusted from other trusts managed by SuMi TRUST Bank.

Notes to the Interim Consolidated Financial Statements (Unaudited)

Basis of Presentation of Financial Statements

The accompanying interim consolidated financial statements (banking account) have been prepared from the accounts maintained by Sumitomo Mitsui Trust Bank, Limited ("SuMi TRUST Bank") and its consolidated subsidiaries (together, the "SuMi TRUST Bank Group") in accordance with accounting principles generally accepted in Japan and certain accounting and disclosure rules under the Financial Instruments and Exchange Act of Japan and the Banking Act of Japan, which are different in certain respects as to the application and disclosure requirements of International Financial Reporting Standards.

In preparing these interim consolidated financial statements, the interim consolidated financial statements of SuMi TRUST Bank issued in Japan have been reclassified and rearranged in order to present them in a form that is more familiar to readers outside Japan.

The interim consolidated financial statements are stated in Japanese yen, the currency of the country in which SuMi TRUST Bank is incorporated and operates. The translation of Japanese yen amounts into U.S. dollar amounts is included solely for the convenience of readers outside Japan. The translation has been made at the rate of ¥107.93 to U.S. \$1, the approximate rate of exchange as of September 30, 2019. Such translations should not be construed as representations that the Japanese yen amounts could be converted into U.S. dollars at that or any other rate.

Amounts less than one million Japanese yen have been rounded down and amounts less than one million U.S. dollars have been rounded off. As a result, total balances may not be equal to the sum of individual amounts.

Significant Accounting Policies and Practices**1. Scope of Consolidation****(1) Consolidated Subsidiaries as of September 30, 2019:**

37 companies

Principal Companies:

Sumitomo Mitsui Trust Panasonic Finance Co., Ltd.

Sumitomo Mitsui Trust Club Co., Ltd.

Sumitomo Mitsui Trust Realty Co., Ltd.

Sumitomo Mitsui Trust Loan & Finance Co., Ltd.

Sumitomo Mitsui Trust and Bank (U.S.A.) Limited

Changes in the consolidated subsidiaries during the interim period ended September 30, 2019, are as follows:

Sumitomo Mitsui Trust Life Partners Co., Ltd. is included in the scope of consolidation from the interim period ended September 30, 2019, due to the acquisition of its shares.

Nikko Asset Management Co., Ltd. and its 16 subsidiaries are excluded from the scope of consolidation from the interim period ended September 30, 2019, as they became directly owned subsidiaries of SuMi TRUST Holdings, a parent company of SuMi TRUST Bank, through a transfer of shares.

J-Hope Limited Liability Company and one other company are excluded from the scope of consolidation for this interim period due to their liquidation.

(2) Unconsolidated Subsidiaries

Principal Companies:

Hummingbird Co., Ltd.

ASIA GATEWAY I, L.P.

Hummingbird Co., Ltd. and 22 other companies are excluded from the scope of consolidation in accordance with Article 5, Paragraph 1, Item 2 of "Ordinance on Terminology, Forms and Preparation Methods of Interim Financial Statements, etc.," because they are operators engaged in leasing activities through silent partnership arrangements and their assets and profits/losses do not belong to the subsidiaries.

ASIA GATEWAY I, L.P. and other unconsolidated subsidiaries are excluded from the scope of consolidation, because they are immaterial to the extent that excluding such companies from consolidation would not prevent a reasonable assessment of the corporate group's financial position and financial results. Such materiality is determined based on the size of their assets, ordinary income, net income (amount corresponding to SuMi TRUST Bank's interest in subsidiaries), retained earnings (amount corresponding to SuMi TRUST Bank's interest in subsidiaries), accumulated other comprehensive income (amount corresponding to SuMi TRUST Bank's interest in subsidiaries), and other financial data.

2. Application of the Equity Method

(1) Unconsolidated Subsidiaries Accounted for by the Equity Method:
None

(2) Affiliated Companies Accounted for by the Equity Method:
22 companies
Principal Company:
SBI Sumishin Net Bank, Ltd.

Changes in the affiliated companies accounted for by the equity method during the interim period ended September 30, 2019, are as follows:

NetMove Corporation and one other company are included in the scope of the application of the equity method due mainly to the acquisition of their shares during the interim period ended September 30, 2019.

Rongtong Fund Management Co., Ltd. and six other companies, affiliated companies of Nikko Asset Management Co., Ltd., are excluded from the scope of the application of the equity method since they are no longer SuMi TRUST Bank's affiliated companies due to the transfer of their shares as explained in 1. (1) above.

(3) Unconsolidated Subsidiaries and Affiliated Companies That Are Not Accounted for by the Equity Method
Principal Companies:
Hummingbird Co., Ltd.
ASIA GATEWAY I, L.P.

Hummingbird Co., Ltd. and 22 other companies are excluded from the scope of the application of the equity method in accordance with Article 7, Paragraph 1, Item 2 of "Ordinance on Terminology, Forms and Preparation Methods of Interim Financial Statements, etc.," because they are operators engaged in leasing activities through silent partnership arrangements, and their assets and profits/losses do not belong to the subsidiaries.

ASIA GATEWAY I, L.P. and other unconsolidated subsidiaries and affiliated companies that are not accounted for by the equity method are excluded from the scope of application of the equity method because such exclusion would not materially affect the interim consolidated financial statements. Such materiality is determined based on the size of their net income (amount corresponding to SuMi

TRUST Bank's interest in subsidiaries and affiliated companies), retained earnings (amount corresponding to SuMi TRUST Bank's interest in subsidiaries and affiliated companies), accumulated other comprehensive income (amount corresponding to SuMi TRUST Bank's interest in subsidiaries and affiliated companies), and other financial data.

3. Interim Balance Sheet Dates of the Consolidated Subsidiaries

(1) The interim balance sheet dates of consolidated subsidiaries are as follows:

October 31:	2 companies
November 30:	1 company
February 28:	1 company
March 31:	5 companies
May 31:	1 company
June 30:	5 companies
September 30:	22 companies

(2) Subsidiaries are consolidated using the interim financial statements as of the following dates:

- Subsidiaries with an interim balance sheet date of October 31: Provisionally prepared interim financial statements as of July 31
- A subsidiary with an interim balance sheet date of November 30: Provisionally prepared interim financial statements as of August 31
- A subsidiary with an interim balance sheet date of February 28: Provisionally prepared interim financial statements as of August 31
- Subsidiaries with an interim balance sheet date of March 31: Provisionally prepared interim financial statements as of September 30
- A subsidiary with an interim balance sheet date of May 31: Provisionally prepared interim financial statements as of August 31
- Other subsidiaries: Interim financial statements as of their respective interim balance sheet dates.

Material transactions arising between the interim consolidated balance sheet date, September 30, 2019, and the above interim balance sheet dates of consolidated subsidiaries have been reflected in the interim consolidated financial statements.

4. Significant Accounting Policies

(1) Trading Assets/Liabilities and Income/Expenses

Trading account activities are conducted to seek profits by taking advantage of short-term fluctuations in interest rates, currency rates, financial markets or other indicators, or intermarket differences (for trading purposes). The fluctuations in such items are presented as "Trading Assets" or "Trading Liabilities" in the interim consolidated balance sheets on a trade-date basis, and gains and losses from such transactions are presented as "Trading Income" or "Trading Expenses" in the interim consolidated statements of income.

For the measurement of trading assets and trading liabilities, securities and monetary claims are stated at their fair values as of the interim consolidated balance sheet date, and trading-related financial derivatives, such as swaps, futures, and options, are stated at the amounts that would be settled if they were terminated on the interim consolidated balance sheet date.

Trading income and trading expenses include interest income or expenses, adjusting valuation differences of securities and monetary claims during the interim period and differences in resulting gains or losses from the settlement of financial derivatives assuming that the settlement was made as of September 30, 2019.

(2) Securities

(a) Under the accounting standards for financial instruments in Japan, SuMi TRUST Bank is required to determine the purposes of holding each security and classify such security into (i) securities held for trading purposes ("Trading Securities"), (ii) debt securities intended to be held to maturity ("Held-to-Maturity Debt Securities"), (iii) equity securities issued by subsidiaries and affiliated companies, or (iv) all other securities that are not classified in any of the above categories ("Available-for-Sale Securities"). "Held-to-Maturity Debt Securities" are carried at amortized cost using the moving-average method (the straight-line method). Equity securities issued by unconsolidated subsidiaries and affiliated companies not accounted for by the equity method are stated at moving-average cost. "Available-for-Sale Securities" are, in principle, valued at the market price at the interim balance sheet date (cost of securities sold is calculated using primarily the moving-average

method). "Available-for-Sale Securities" for which their fair values are extremely difficult to be determined are carried at cost using the moving-average method.

Valuation differences on "Available-for-Sale Securities" are recorded as a separate component of net assets and reported in the interim consolidated balance sheets.

(b) Securities in money held in trust are classified and accounted for in the same manner as those described in 4. (1) and 4. (2) (a) above.

(3) Financial Derivatives

Financial derivatives, excluding those for trading purposes, are stated at fair value.

(4) Depreciation and Amortization Methods

(a) Tangible fixed assets other than lease assets

Tangible fixed assets are depreciated using primarily the straight-line method.

Useful lives of major asset categories:

Buildings: 3 to 60 years

Others: 2 to 20 years

(b) Intangible fixed assets other than lease assets

Intangible fixed assets are amortized using the straight-line method. Software for internal use is amortized over the useful life specified by SuMi TRUST Bank or the consolidated subsidiaries, which is generally five years.

Goodwill is amortized over a reasonable number of years, determined for each case, up to a maximum of 20 years. However, if immaterial, goodwill is expensed in its entirety in the year in which it arises.

(c) Lease assets

The lease assets under "Tangible Fixed Assets" and "Intangible Fixed Assets" that are related to finance leases that do not transfer ownership of the lease assets to lessees are depreciated using the straight-line method over the lease term, assuming a residual value of zero.

(5) Allowance for Loan Losses

SuMi TRUST Bank records allowance for loan losses in accordance with internally established criteria for write-offs and allowance for loan losses.

For claims against borrowers that have initiated special liquidation proceedings or other bankruptcy proceedings ("legal bankruptcy") and against borrowers that are

in a substantially similar adverse condition ("virtual bankruptcy"), the allowance is provided based on the amount of claims, after the write-off stated below, net of the expected amount of recoveries from collateral and guarantees. For claims against borrowers that have not yet initiated bankruptcy proceedings, but are very likely to become bankrupt in the future ("possible bankruptcy"), an allowance is provided for the amount deemed necessary based on the overall assessment of the borrowers' solvency, after deducting the amount expected to be collected through the disposal of collateral or execution of guarantees from the claims.

For claims against large borrowers with certain credit risks and credit amounts that are classified as possible bankruptcy borrowers, restructured loan borrowers, or close-observation borrowers, if future cash flows from the collection of the principal and interest can be reasonably estimated, the allowance is provided for the difference between the present value of expected future cash flows discounted at the contracted interest rate prior to the loan restructuring and the carrying amount of the claim (the "estimated cash flow method").

For claims that are classified as other than those above, the allowance is provided based on the historical loan-loss ratios during a certain period.

All claims are assessed at branches and credit supervision departments based on the criteria for self-assessment of asset quality. The Risk Management Department, which is independent from operating sections, monitors the results of such assessments.

As for the other consolidated subsidiaries, the allowance for loan losses for general claims is provided based on the historical loan-loss ratios, and the allowance for loan losses for specific claims, such as possible uncollectible claims, is provided based on the estimate of unrecoverable amount for each claim.

For claims against borrowers who are legally bankrupt or virtually bankrupt with collateral or guarantees, claims against borrowers in legal or virtual bankruptcy, net of amounts expected to be collected through the disposal of collateral or through the execution of guarantees, are directly deducted from the original amount of claims. The deducted amount was ¥20,181 million (U.S. \$187 million) for the six months ended September 30, 2019.

(6) Provision for Bonuses

A provision for bonuses is provided for the estimated employee bonuses attributable to the current interim period.

(7) Provision for Directors' Bonuses

A provision for directors' bonuses is provided at SuMi TRUST Bank and some of the consolidated subsidiaries for the estimated directors' bonuses attributable to the current interim period.

(8) Provision for Stocks Payment

A provision for stocks payment is provided for estimated stock-based payments to directors of SuMi TRUST Bank under a stock-based compensation scheme that have been earned by September 30, 2019.

(9) Provision for Reward Points Program

A provision for reward points program is provided for the use of points granted to holders of Diners Club Card and other credit cards in the amount deemed necessary based on the reasonable estimates of the points to be used in the future.

(10) Provision for Reimbursement of Deposits in Dormant Accounts

At SuMi TRUST Bank, a provision for reimbursement of deposits in dormant accounts is provided for the deposits that were derecognized as liabilities under certain conditions. Such provision is provided against the estimated future reimbursement to be requested by customers based on the past reimbursement record.

(11) Provision for Contingent Losses

A provision for contingent losses is provided for losses associated with off-balance-sheet transactions or trust transactions in the amount deemed necessary based on the estimated possible future losses.

(12) Accounting for Retirement Benefits

In determining the retirement benefit obligations, projected benefits to the periods up to the interim period ended September 30, 2019, are attributed based on the plan's benefit formula. Past service cost and actuarial gains or losses are expensed using the following methods:

Past service cost:

Past service cost is recognized using the straight-line method, primarily over 10 years, within the employees' average remaining service period at incurrence.

Actuarial gains or losses:

Actuarial differences are expensed using the straight-line method, primarily over 10 years, within the employees' average remaining service period, commencing from the next fiscal year of incurrence.

Some consolidated subsidiaries adopt the simplified method in calculating liabilities for retirement benefits and retirement benefit expenses for lump-sum retirement benefit plans, recording liabilities at amounts that would be required for voluntary termination at the end of the current interim period.

(13) Foreign Currency Translation

Assets and liabilities of SuMi TRUST Bank that are denominated in foreign currencies and overseas branch accounts are generally translated into yen at the exchange rates prevailing at the interim consolidated balance sheet date, except for shares of stocks in affiliated companies translated into yen at the exchange rates prevailing at the acquisition dates.

Assets and liabilities of consolidated subsidiaries that are denominated in foreign currencies are translated into yen at the exchange rates prevailing at their respective interim balance sheet dates.

(14) Accounting for Leases

As for the consolidated subsidiaries in Japan, income and expenses arising from transactions of finance leases that do not transfer ownership to lessees are recognized as sales and costs of goods sold when lease payments are collected.

(15) Hedge Accounting**(a) Interest-related risk hedge**

SuMi TRUST Bank manages interest rate risk arising from various assets and liabilities by using financial derivative transactions. Such transactions are generally treated as deferred hedges as specified in "Treatment for Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry" (Japanese Institute of Certified Public Accountants ("JICPA") Industry Auditing Committee Report No. 24 of February 13, 2002, "Report No. 24"). To evaluate the effectiveness of hedges designed to offset market fluctuations, hedged items, such as deposits, loans and bills discounted, and hedging instruments, such as interest rate swaps, are grouped by duration to maturity. The effectiveness of hedges designed to fix cash flow is evaluated by verifying the correlation between the interest volatility factors for the hedged items and those for the hedging instruments.

In accordance with "Temporary Treatment for Accounting and Auditing concerning Application of Accounting Standard for Financial Instruments in Banking Industry" (JICPA Industry Auditing Committee Report No. 15), SuMi TRUST Bank has adopted "Macro Hedge Accounting" to account for certain interest-related derivatives, which are utilized to manage interest rate risk arising from transactions, such as loans and bills discounted, and deposits. Deferred gains (losses) on hedges in the interim consolidated balance sheet as of the end of the current interim period that have resulted from existing "Macro Hedge Accounting" are amortized over the remaining period designated under "Macro Hedge Accounting" for each hedging transaction.

Deferred losses on hedges associated with "Macro Hedge Accounting" during the interim period ended September 30, 2019, totaled ¥46 million (U.S. \$0.4 million) (before tax effect).

(b) Currency-related risk hedge

SuMi TRUST Bank manages the foreign exchange risk arising from various assets and liabilities denominated in foreign currencies using financial derivative transactions. Such transactions are generally treated as deferred hedges as specified in "Treatment for Accounting and Auditing of Application of Accounting Standard for Foreign Currency

Transactions in Banking Industry" (JICPA Industry Auditing Committee Report No. 25 of July 29, 2002, "Report No. 25").

The effectiveness of hedging instruments, such as cross-currency swaps and foreign exchange swaps, as a means of mitigating the foreign exchange risk arising from monetary claims and debts denominated in foreign currencies, is evaluated by verifying that the foreign currency positions of such hedging instruments are in amounts equivalent to the corresponding monetary claims and debts denominated in foreign currencies, which are the hedged items.

Additionally, transactions intended to hedge the foreign exchange risk associated with foreign currency-denominated securities (other than bonds) are treated as portfolio hedges. Fair value hedge accounting has been adopted to account for such transactions on the conditions that specific foreign currency-denominated securities are designated in advance as hedged items and that foreign currency payables of spot and forward foreign exchange contracts exist in excess of the acquisition cost of such foreign currency-denominated securities on a foreign currency basis.

The foreign exchange risk associated with investment in the shares of stocks in foreign subsidiaries and affiliated companies is individually hedged using forward exchange contracts denominated in the same currency, and foreign currency translation adjustments arising from the hedging instruments are included in "Foreign Currency Translation Adjustments."

(c) Internal hedge transactions and others

Among derivative transactions of SuMi TRUST Bank that take place between consolidated subsidiaries or that are made internally between designated trading accounts and some other accounts, those interest rate swaps and cross-currency swaps designated as hedging instruments are carried out in accordance with standards for cover deals with external parties, which eliminate discretion and enable strict management on hedges pursuant to Report No. 24 and Report No. 25. Accordingly, income or expenses arising from such interest rate swaps and cross-currency swaps are recognized as profits or losses, or deferred, rather than eliminated.

Deferred hedge accounting has been adopted for certain assets and liabilities by individual transactions.

Other consolidated subsidiaries account for such transactions as deferred hedges or exceptional treatment for interest rate swaps by individual transactions.

(16) Scope of Cash and Cash Equivalents in the Interim Consolidated Statements of Cash Flows

For SuMi TRUST Bank, the balance of "Cash and Cash Equivalents" in the interim consolidated statements of cash flows is equivalent to the balance of cash and due from the Bank of Japan under "Cash and Due from Banks" presented in the interim consolidated balance sheets. For the consolidated subsidiaries, the balance of "Cash and Cash Equivalents" in the interim consolidated statements of cash flows is equivalent to the balance of "Cash and Due from Banks" presented in the interim consolidated balance sheets.

(17) National and Local Consumption Taxes

National and local consumption taxes ("consumption taxes") payable by SuMi TRUST Bank and its consolidated subsidiaries in Japan are accounted for by the tax-excluded method. However, any nondeductible consumption taxes associated with asset purchases are recorded as expenses in the current interim period.

(18) Adoption of Consolidated Tax Return System

SuMi TRUST Bank has adopted the consolidated tax return system from the interim period ended September 30, 2019.

Notes to the Interim Consolidated Balance Sheets

1. Securities

"Securities" include stocks and equity investments in unconsolidated subsidiaries and affiliated companies.

Securities That Are Further Collateralized	¥ 114,701	\$ 1,063
Securities That Are Further Loaned	1,261,712	11,690
Securities Held without Selling or Repledging as of the End of the Current Period	22,475	208

2. Loans and Bills Discounted

Loans and bills discounted as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Loans in Bankruptcy Proceedings	¥ 6,106	\$ 57
Delinquent Loans	72,893	675

Loans in bankruptcy proceedings are loans whose interest receivable is not recorded due to delinquency in principal or interest payments for a significant period or other reasons excluding loans that have been written off ("non-accrual loans") and due to the reasons as prescribed in Paragraph 1, Items 3 and 4 of Article 96 of "Enforcement Ordinance for the Corporation Tax Act" (Cabinet Order

No. 97 of 1965).

Delinquent loans are nonaccrual loans other than (i) loans in bankruptcy proceedings and (ii) loans for which the terms of interest payments have been extended in connection with the borrower's business restructuring or to otherwise provide support.

3. Loans Past Due Three Months or More

Loans past due three months or more as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Loans Past Due Three Months or More	¥ 2,000	\$ 19

Loans past due three months or more are those loans for which principal or interest payments are more than three months past due (calculated from the day following the

contractual payment date), excluding loans classified as loans in bankruptcy proceedings or delinquent loans.

4. Restructured Loans

Restructured loans as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Restructured Loans	¥ 35,162	\$ 326

Restructured loans are those loans whose terms have been modified by reducing or waiving interest, granting interest payment extensions, granting principal repayment extensions, forgiving debt, or otherwise providing some arrangements favorable to the borrower in connection with

the borrower's business restructuring or to otherwise provide support, excluding those loans classified as loans in bankruptcy proceedings, delinquent loans, or loans past due three months or more.

5. Total of Loans in Bankruptcy Proceedings, Delinquent Loans, Loans Past Due Three Months or More, and Restructured Loans

Total of loans in bankruptcy proceedings, delinquent loans, loans past due three months or more, and restructured loans as of September 30, 2019, consists of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Total of Loans in Bankruptcy Proceedings, Delinquent Loans, Loans Past Due Three Months or More, and Restructured Loans	¥ 116,162	\$ 1,076

The amounts presented in Notes 2 through 5 are before deducting allowances for loan losses.

6. Bills Discounted

Bills discounted are treated as financial transactions in accordance with Report No. 24. SuMi TRUST Bank has a free disposal right to sell or (re)pledge such commercial bills. The total face value of such bills is as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Bills Discounted	¥ 1,560	\$ 14

7. Assets Pledged as Collateral

Assets pledged as collateral as of September 30, 2019, consist of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Assets Pledged as Collateral:		
Trading Assets	¥ 20,984	\$ 194
Securities	991,875	9,190
Loans and Bills Discounted	4,728,867	43,814
Lease Receivables and Investment Assets	59,485	551
Other Assets	46,578	432
Total	¥ 5,847,791	\$ 54,181
Corresponding Liabilities to Assets Pledged as Collateral:		
Deposits	¥ 33,891	\$ 314
Payables under Repurchase Agreements	772,436	7,157
Payables under Securities Lending Transactions	141,156	1,308
Borrowed Money	2,873,148	26,620

In addition to the foregoing, the following assets have been pledged as collateral for settlement of exchange and others, or as a substitution of margin of futures and others.

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Securities	¥ 394,809	\$ 3,658

“Other Assets” include initial margins of futures, security deposits, cash collateral paid for financial instruments, and cash collateral paid for repurchase agreement transactions. Such amounts are as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Initial Margins of Futures Markets	¥ 10,075	\$ 93
Security Deposits	24,693	229
Cash Collateral Pledged for Financial Instruments-Assets	703,577	6,519
Cash Collateral Pledged for Repurchase Agreement Transactions	12,191	113

8. Overdraft Facility Agreements and Commitment Lines of Credit

Overdraft facility agreements and commitment lines of credit are agreements to extend a certain amount of credit at the customer's request as long as the terms of the agreement have not been violated. The amount of unused credit under such agreements is as follows:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Amount of Unused Credit under Agreements	¥ 12,178,766	\$ 112,839
Attributable to Agreements Expiring within One Year or which May Be Unconditionally Canceled at Any Time	8,072,182	74,791

The balance of unused credit will not necessarily affect the future cash flows of SuMi TRUST Bank and its consolidated subsidiaries because most of these agreements expire without credit being extended. Most of these agreements contain clauses allowing SuMi TRUST Bank and its consolidated subsidiaries to reject requests for credit outright or reduce the credit limits due to changed financial circumstances, the

need to preserve claims, or other reasonable causes. Besides requesting collateral, such as real estate or securities, as necessary at the time of entering into the agreement, SuMi TRUST Bank and its consolidated subsidiaries have also adopted other measures to keep its credit sound, such as periodically assessing the condition of customers' businesses following the internal procedures and revising agreements, as necessary.

9. Revaluation Reserve for Land

In accordance with the Act on Revaluation of Land (Act No. 34, promulgated on March 31, 1998), land for commercial use of SuMi TRUST Bank was revalued, and the amount equivalent to the taxes on the resulting valuation difference was recorded as a “Deferred Tax Liability for Land Revaluation” in liabilities, and the amount net of such differences was recorded as a “Revaluation Reserve for Land” in net assets.

Revaluation date: March 31, 1998 and March 31, 1999

Revaluation method prescribed by Paragraph 3 of Article 3 of the Act:

The revaluation is calculated by reasonably adjusting the value of land based on the following prices: the posted prices for benchmark properties as prescribed by Item 1 of Article 2 of the “Order for Enforcement of the Act on Revaluation of Land” (Cabinet Order No. 119, promulgated on March 31, 1998); the standard prices for benchmark properties as prescribed by Item 2 of Article 2, the registered prices in tax lists for such land for commercial use as prescribed by Item 3 of Article 2; and the land assessments under Item 4 of Article 2 of the same Order.

10. Accumulated Depreciation of Tangible Fixed Assets

Accumulated depreciation of tangible fixed assets as of September 30, 2019, consists of the following:

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Accumulated Depreciation of Tangible Fixed Assets	¥ 173,037	\$ 1,603

11. Borrowed Money

Borrowed money includes subordinated borrowings with lower priority for fulfillment of obligation than other debts.

	Millions of Yen	Millions of U.S. Dollars
	Sep. 30, 2019	Sep. 30, 2019
Subordinated Borrowings	¥ 700,000	\$ 6,486
Subordinated Borrowings with a Debt Relief Clause at the Contractual Point of Non-Viability	650,000	6,022

(*1) The allowance for credit losses corresponding to "Cash and Due from Banks," "Monetary Claims Bought," and "Lease Receivables and Investment Assets" is directly deducted from the carrying amounts on the interim consolidated balance sheets because the balance of the allowance is immaterial.

(*2) A general allowance for loan losses and specific allowances for loan losses are deducted from "Loans and Bills Discounted."

(*3) Derivative transactions recorded in "Trading Assets" and "Trading Liabilities" or in "Other Assets" and "Other Liabilities" are presented collectively. Receivables and payables arising from derivative transactions are presented on a net basis. Negative figures represent a liability balance after netting.

(Note 1) Method for Calculating Fair Values of Financial Instruments

Assets

(1) Cash and Due from Banks, (2) Call Loans and Bills Bought, (3) Receivables under Resale Agreements, (4) Receivables under Securities Borrowing Transactions, and (10) Foreign Exchanges

These instruments with transactions without stated maturities are stated at their carrying amounts because the carrying amounts approximate fair value. For transactions with stated maturities, corresponding instruments are stated at their carrying amounts because most of such transactions have short contractual terms (one year or less) and the carrying amounts approximate fair value.

(5) Monetary Claims Bought

Fair values of monetary claims bought for which counterparties' quoted prices or dealer/broker-quoted prices are available are stated at such prices. Fair values for all other such claims are calculated by classifying them according to their internal ratings and maturities, and discounting future cash flows to their present values.

(6) Trading Assets

Bonds and other securities held for trading purposes are stated at dealer association prices or counterparties' quoted prices. For short-term corporate bonds, their fair values are calculated by discounting future cash flows to their present values.

(7) Money Held in Trust

Securities managed as trust assets in money held in trust, which are individually managed with the principal objective of securities portfolio management, are stated at quoted market prices or dealer/broker-quoted prices. Notes regarding money held in trust by holding purposes are presented under the "Money Held in Trust" section.

(8) Securities

Stocks are stated at quoted market prices. Bonds are stated at quoted market prices, dealer association prices, counterparties' quoted prices, or dealer/broker-quoted prices. Investment trusts are stated at published reference prices.

Fair values of privately placed bonds guaranteed by SuMi TRUST Bank are calculated by classifying them according to their internal ratings and maturities, and discounting future cash flows to their present value.

Notes regarding securities by holding purposes are presented under the "Securities" section.

(9) Loans and Bills Discounted

Fair values of loans and bills discounted are calculated by grouping loans according to loan terms, internal ratings, and maturities and discounting the aggregate principal and interest by the assumed interest rate for similar new loans. However, floating-rate loans for which their carrying amounts are deemed to approximate fair value, due to the nature of the loan or the borrower's credit situation subsequent to the execution of the loans, are stated at their carrying amounts.

For claims executed to borrowers who went into legal bankruptcy, virtual bankruptcy, and possible bankruptcy, estimated loan losses are calculated based on the present value of estimated future cash flows or the expected recoverable amounts from collateral or guarantees. Therefore, fair values for these claims are stated at the amounts by deducting the allowance for loan losses from the amounts in the interim consolidated balance sheets at the interim consolidated balance sheet date, because such deducted amounts approximate fair value.

Loans without stated maturities (as the amount of credit is limited to the value of the collateral or due to some other special characteristics) are stated at their carrying amounts as the carrying amounts are deemed to approximate the fair value because of the expected repayment periods and the interest terms.

(11) Lease Receivables and Investment Assets

Fair values of lease receivables and investment assets are calculated by grouping these assets according to their internal ratings and maturities, and discounting the aggregate principal and interest by the assumed interest rate for similar new agreements.

Liabilities

(1) Deposits and (2) Negotiable Certificates of Deposit

Demand deposits are stated at the amount that would have to be paid on demand at the interim consolidated balance sheet date (carrying amount).

Yen fixed-rate time deposits are grouped by product type and stated at the present value of their future cash flows discounted by the rates that would be paid on new deposits. Fixed-rate time deposits with short maturities (one year or less) and floating-rate time deposits are generally stated at their carrying amounts because the carrying amounts approximate the fair value.

(3) Call Money and Bills Sold, (4) Payables under Repurchase Agreements, (5) Payables under Securities Lending Transactions, (7) Foreign Exchanges, (8) Short-Term Bonds Payable, and (10) Borrowed Money from Trust Account

The obligations without stated maturities are stated at the amounts that would have to be paid on demand at the interim consolidated balance sheet date (carrying amount). Obligations with stated maturities are stated at their carrying amounts because most of the obligations have short contractual terms (one year or less) and the carrying amounts approximate the fair values.

(6) Borrowed Money

Borrowed money at floating rates is stated at their carrying amounts. The carrying amounts are deemed to approximate fair value because such amounts reflect short-term market interest rates, and there have been no significant changes in credit condition subsequent to undertaking the borrowed money.

Fair values of borrowed money at fixed rates are calculated by discounting their future cash flows by the assumed interest rate on similar borrowings. Fair values for obligations with short maturities (one year or less) are stated at their carrying amounts because they approximate fair value.

(9) Bonds Payable

Bonds issued by SuMi TRUST Bank and its consolidated subsidiaries are stated at market prices, if such prices are available. Fair values for other bonds are calculated by discounting future cash flows to their present values by the assumed interest rate on issuance of similar bonds.

Derivatives

Notes regarding fair values of derivatives are presented under the "Derivatives" section.

(Note 2) The amounts of financial instruments on the interim consolidated balance sheets whose fair values are extremely difficult to be determined are as stated below, and such amounts are not included in the fair values information for financial instruments presented under the "Assets, (5) Monetary Claims Bought" or "Assets, (8) Available-for-Sale Securities" section.

	Millions of Yen	Millions of U.S. Dollars

Others	28,057	260
Total	¥ 185,166	\$ 1,716

(*1) The above financial instruments are excluded from the fair value disclosure because there are no quoted market prices, and therefore, there is no reliable measure of fair value.

(*2) Stocks of subsidiaries and affiliated companies are not included in the above table.

(*3) During the current interim period ended September 30, 2019, impairment losses of ¥1,731 million (U.S. \$16 million) were recognized against "Unlisted Stocks."

Securities

- *1. In addition to the "Securities" presented in the interim consolidated balance sheets, the following information includes loan-backed trust deeds reported under "Monetary Claims Bought."
- *2. "Stocks in Subsidiaries and Affiliated Companies" are presented as a note to the interim financial statements.

3. Impairment of Securities

Securities other than securities whose fair values are extremely difficult to be determined, or those deemed to be trading securities, are treated as impaired when their fair values have declined significantly from the acquisition cost and it is deemed unlikely to recover to the acquisition cost. Such securities are recorded at their fair values in the interim consolidated balance sheets. The difference between the acquisition cost and the fair values is recognized as an impairment loss.

Impairment losses of ¥ 4,564 million (U.S. \$42 million) on stocks were recognized during the current interim period.

The criteria for determining whether the fair values of securities have significantly declined are as follows:

- For securities whose issuers are classified as “normal” under the asset self-assessment, a decline of 50% or more in the fair values compared with the acquisition cost is deemed to be significant;
- For securities whose issuers are classified as “close-observation borrowers,” a decline of 30% or more in the fair values compared with the acquisition cost is deemed to be significant; and
- The fair values of some securities are deemed unrecoverable and impairment losses are recognized when their fair values have declined more than 30% but less than 50% from the acquisition cost and the fair values have continued to decline over a certain period.

Money Held in Trust

1. Held-to-Maturity Money Held in Trust

There is no held-to-maturity money held in trust as of September 30, 2019.

2. Other Money Held in Trust (other than those held for trading purposes or held-to-maturity)

Other money held in trust (other than those held for trading purposes or held-to-maturity) as of September 30, 2019, consists of the following:

September 30, 2019	Millions of Yen				
	Carrying Amount	Acquisition Cost	Difference	Positive Difference	Negative Difference
Other Money Held in Trust	¥ 1,369	¥ 980	¥ 389	¥ 389	¥ —

(Notes)

1) Foreign currency translation adjustments on available-for-sale securities, for which fair values are extremely difficult to be determined, are included in the "Available-for-Sale Securities" under "Valuation Differences."

2) The valuation difference of ¥ 1,615 million (U.S. \$15 million) on available-for-sale securities composing assets held

by associated companies is included in "Available-for-Sale Securities" under "Valuation Differences."

3) The unamortized portion of valuation difference as of the interim consolidated balance sheet date arising from the reclassification of the holding purpose of securities is included in "Available-for-Sale Securities" under "Valuation Differences."

Derivatives

1. Derivative Transactions Not Qualifying for Hedge Accounting

Derivative transactions not qualifying for hedge accounting are grouped by type of underlying transaction. The notional amounts (or the amount equivalent to the principal specified in the contracts), the fair values, and the valuation differences as of the interim consolidated balance sheet date, as well as the methods for determining such fair values are presented below. The notional amounts do not reflect the market risk associated with the derivatives.

(Notes)

- 1) The above transactions are stated at their fair values and valuation differences are recorded in the interim consolidated statements of income.
- 2) The fair values are calculated using the net present value method.

- 3) "Sold" represents transactions under which the credit risk has been assumed, and "Purchased" represents transactions under which the credit risk has been transferred to another party.

2. Derivative Transactions Qualifying for Hedge Accounting

Derivative transactions qualifying for hedge accounting are grouped by type of underlying transaction. The notional amounts (or the amount equivalent to the principal specified in the contracts) and the fair values as of the interim consolidated balance sheet date, as well as the methods for determining such fair values are presented below. The notional amounts do not reflect the market risk associated with the derivatives.

Segment Information

1. Reportable Segment Information

The SuMi TRUST Bank Group's reportable segments are defined as operating segments for which discrete financial information is available. The Board of Directors and the Executive Committee of the SuMi TRUST Group periodically receive reporting on the operating results and other relevant information from each of the reportable segments to make decisions about the allocation of management resources and to assess performance.

The reportable segments of the SuMi TRUST Bank Group comprises services of SuMi TRUST Bank on a non-consolidated basis and are presented below:

Retail Total Solution Services:

Provision of services to individual customers

Wholesale Financial Services (Wholesale Total Solution Services Business and Wholesale Asset Management Business):

Provision of services to corporate customers

Stock Transfer Agency Services:

Undertaking of stock-related services on behalf of customers

Real Estate:

Provision of services related to the real estate business

Fiduciary Services:

Operation of the pension business, the asset management business, and the asset administration business

Global Markets:

Marketing operations, market-making operations, investment operations, and financial management operations

2. Method for Calculating Gross Business Profit and Net Business Profit

Segment information is prepared based on internal management reports and the accounting policies used for the reportable segments are generally the same as those presented under "Significant Accounting Policies and Practices"; however, the reportable segments are accounted for in accordance with the rules for internal management. Since each segment's information will not be used to make decisions about the allocation of resources or assess business performance at the management level, information about assets by reportable segment has not been generated.

Income earned from inter-segment and cross-segment transactions is calculated by applying the criteria (market prices) specified in the rules for internal management.

3. Profit or Loss by Reportable Segment

The details and amounts of profit or loss by reportable segment for the six months ended September 30, 2019, are as follows:

Capital Adequacy Ratio

Consolidated

We calculate the consolidated BIS capital adequacy ratio in line with provisions of Article 52-25 of the Banking Act and on the basis of calculation formula prescribed under the criteria for judging whether a bank holding company and its subsidiaries' capital adequacy ratios are appropriate in light of assets held (the Financial Services Agency 2006 Notification No. 20, hereinafter referred to as the "FSA Bank Holding Company Capital Adequacy Notification").

As of the end of September 2019, we used the Advanced Internal Ratings-Based (IRB) Approach for the calculation of credit risk-weighted assets, the Advanced Measurement Approach for the calculation of operational risk, and market risk regulations.

Scope of Consolidation

Consolidated

(1) There is no difference between companies belonging to the group of companies subject to the consolidated BIS capital adequacy ratio as prescribed by the FSA Bank Holding Company Capital Adequacy Notification, Article 3 (hereinafter referred to as the "SuMi TRUST Holdings Group") and the companies included in the scope of accounting consolidation.

(2) The number of consolidated subsidiaries that belong to the SuMi TRUST Holdings Group is 59. The principal company is the following.

Name	Principal Business Operations
Sumitomo Mitsui Trust Bank, Limited	Trust and Banking Businesses

(3) There is no affiliated company that undertakes financial services subject to the FSA Bank Holding Company Capital Adequacy Notification, Article 9.

(4) There are no particular restrictions etc. on the transfer of funds and capital within the SuMi TRUST Holdings Group.

(5) Of the subsidiaries which are banking, financial and insurance entities that are outside the scope of regulatory consolidation, none failed to meet the regulatory required capital.

Note: SuMi TRUST Holdings received a certain procedure by KPMG AZSA LLC of the calculation of the consolidated BIS capital adequacy ratio in line with "Practical Guidance on Agreed-Upon Procedures Engagement for Capital Adequacy Ratio and Leverage Ratio Calculation" (Practical Guidance 4465 for Specialized Business of the Japanese Institute of Certified Public Accountants, August 27, 2019).

The certain procedure is not part of the audit of the consolidated financial statements or the audit of the internal control over the financial reporting but was conducted by the external auditor on the agreed-upon scope and under agreed-upon examination procedures, and is a report of the results presented to us. It thus does not represent an opinion or conclusion by the external auditor regarding the consolidated BIS capital adequacy ratio itself or parts of internal control over the procedure to calculate the ratio.

Notes: 1. "Number of obligors" in Column f: "Qualifying revolving retail exposures," "Residential mortgage exposures," and "Other retail exposures" are tallied with the number of loans, because it is difficult to grasp the number of some obligors.

2. Purchased receivables for retail (dilution risk and originator risk of loan participation) are not applicable.

Notes: 1. The amount of credit RWA by country or region is, in principle, calculated on the basis of where the ultimate risk of the exposure resides (based on the country or region where the borrower resides). However, with respect to securitisation exposures and equity investments in funds whose country or region are difficult to identify, calculations are made according to the country or region in which the exposure is booked.

2. The ratio of the Company's exposures in the four countries or regions in which the countercyclical buffer requirement set by regulatory authorities exceeded 0 to the Company's total exposures was limited.

As of September 30, 2018

The description is omitted in accordance with Article 2, Paragraph 4 of Supplementary Provisions of the FSA amended Disclosure Notification.

Note: SuMi TRUST Holdings received a certain procedure by KPMG AZSA LLC of the calculation of the Basel III leverage ratio in line with "Practical Guidance on Agreed-Upon Procedures Engagement for Capital Adequacy Ratio and Leverage Ratio Calculation" (Practical Guidance 4465 for Specialized Business of the Japanese Institute of Certified Public Accountants, August 27, 2019).

The certain procedure is not part of the audit of the consolidated financial statements or the audit of the internal control over the financial reporting but was conducted by the external auditor on the agreed-upon scope and under agreed-upon examination procedures, and is a report of the results presented to us. It thus does not represent an opinion or conclusion by the external auditor regarding the Basel III leverage ratio itself or parts of internal control over the procedure to calculate the ratio.

The key drivers of material changes observed from September 30, 2018 to September 30, 2019

Total exposures decreased substantially due to exclusion of Japan Trustee Services Bank, Ltd. from the scope of consolidation, which became an affiliated company resulting from its management integration in October 2018.

Qualitative Disclosure Items for the Liquidity Coverage Ratio (LCR) on a consolidated basis

(1) Items concerning fluctuations in the LCR over time

Our consolidated LCR has trended steadily for the most part in the past two years.

The increase in the 3rd quarter of fiscal year 2018 was due to the change in our scope of consolidation.

(2) Items concerning evaluation of the LCR level

Our consolidated LCR satisfies the required criteria and going forward it is not expected to fluctuate significantly from the current level. The actual LCR is not significantly different from our primary forecast.

(3) Items concerning the composition of totals for eligible high-quality liquid assets

The majority of our eligible high-quality liquid assets are reserve deposit held at central banks and sovereign bonds. There have been no material fluctuations in the composition of currencies, their types and locations. Furthermore, there has been no material difference between totals for eligible high-quality assets and net cash outflows in major currencies.

(4) Other items concerning LCR

We apply neither the "treatment for qualifying operational deposit" nor the "additional collateral required to market valuation changes based on the scenario approach."

Furthermore, taking account of the impact to LCR, we are using month-end data in lieu of daily data for the consolidated subsidiary companies of minor importance with practical restrictions.

Basel III Disclosure Data

Sumitomo Mitsui Trust Bank, Limited

This section outlines and discloses matters to be stated in explanatory documents relating to the first half of fiscal year, separately stipulated by the Commissioner of the Financial Services Agency (Notification No.7 of Financial Services Agency, 2014) with regard to the status of capital adequacy, as set forth in Article 19-2, Paragraph 1, Item 5-(d) of the Ordinance for Enforcement of the Banking Act (Ministry of Finance Ordinance No.10, 1982), as well as separately stipulated by the Commissioner of the Financial Services Agency (Notification No.7 of Financial Services Agency, 2015) with regard to the status of management soundness relating to liquidity, as set forth in Article 19-2, Paragraph 1, Item 5-(e) of the Ordinance for Enforcement of the Banking Act.

Capital Adequacy Ratio

Consolidated

We calculate the BIS capital adequacy ratio on both a consolidated and non-consolidated basis in line with provisions of Article 14-2 of the Banking Act and on the basis of calculation formula prescribed under the criteria for judging whether a bank's capital adequacy ratio is appropriate in light of assets held (the Financial Services Agency 2006 Notification No. 19, hereinafter referred to as the "FSA Capital Adequacy Notification").

As of the end of September 2019, we used the Advanced Internal Ratings-Based (IRB) Approach for the calculation of credit risk-weighted assets, the Advanced Measurement Approach for the calculation of operational risk, and market risk regulations.

Scope of Consolidation

Consolidated

(1) There is no difference between companies belonging to the group of companies subject to the consolidated BIS capital adequacy ratio as prescribed by the FSA Capital Adequacy Notification, Article 3 (hereinafter referred to as the "SuMi TRUST Bank Group") and the companies included in the scope of accounting consolidation.

(2) The number of consolidated subsidiaries that belong to the SuMi TRUST Bank Group is 37. The principal companies are the following.

Name	Principal Business Operations
Sumitomo Mitsui Trust Panasonic Finance Co., Ltd.	General Leasing, Installment Purchase Services, Credit Card Business
Sumitomo Mitsui Trust Club Co., Ltd.	Credit Card Business
Sumitomo Mitsui Trust Realty Co., Ltd.	Real Estate Brokerage Business
Sumitomo Mitsui Trust Loan & Finance Co., Ltd.	Money Lending Business
Sumitomo Mitsui Trust Bank (U.S.A.) Limited	Banking, Trust Business

(3) There is no affiliated company that undertakes financial services subject to the FSA Capital Adequacy Notification, Article 9.

(4) There are no particular restrictions on the transfer of funds and capital within the SuMi TRUST Bank Group.

(5) Of the subsidiaries which are banking, financial and insurance entities that are outside the scope of regulatory consolidation, none failed to meet the regulatory required capital.

Note: SuMi TRUST Bank received a certain procedure by KPMG AZSA LLC of the calculation of the consolidated BIS capital adequacy ratio in line with "Practical Guidance on Agreed-Upon Procedures Engagement for Capital Adequacy Ratio and Leverage Ratio Calculation" (Practical Guidance 4465 for Specialized Business of the Japanese Institute of Certified Public Accountants, August 27, 2019).

The certain procedure is not part of the audit of the consolidated financial statements or the audit of the internal control over the financial reporting but was conducted by the external auditor on the agreed-upon scope and under agreed-upon examination procedures, and is a report of the results presented to us. It thus does not represent an opinion or conclusion by the external auditor regarding the consolidated BIS capital adequacy ratio itself or parts of internal control over the procedure to calculate the ratio.

The certain procedure is not part of the audit of the consolidated financial statements or the audit of the internal control over the financial reporting but was conducted by the external auditor on the agreed-upon scope and under agreed-upon examination procedures, and is a report of the results presented to us. It thus does not represent an opinion or conclusion by the external auditor regarding the Basel III leverage ratio itself or parts of internal control over the procedure to calculate the ratio.

Qualitative Disclosure Items for the Liquidity Coverage Ratio (LCR) on a consolidated basis

(1) Items concerning fluctuations in the LCR over time

Our consolidated LCR has trended steadily for the most part in the past two years.

(2) Items concerning evaluation of the LCR level

Our consolidated LCR satisfies the required criteria and we do not expect the LCR to significantly fluctuate from the current level. Furthermore, the actual LCR is not significantly different from our forecast.

(3) Items concerning the composition of totals for eligible high-quality liquid assets

The majority of our eligible high-quality liquid assets are reserve deposit held at central banks and sovereign bonds. There have been no material fluctuations in the composition of currencies, their types and locations. Furthermore, there has been no material difference between totals for eligible high-quality assets and net cash outflows in major currencies.

(4) Other items concerning LCR

We apply neither the "treatment for qualifying operational deposit" nor the "additional collateral required to market valuation changes based on the scenario approach."

Furthermore, taking account of the impact to LCR, we are using month-end data in lieu of daily data for the consolidated subsidiary companies of minor importance with practical restrictions.

Note: SuMi TRUST Bank received a certain procedure by KPMG AZSA LLC of the calculation of the non-consolidated BIS capital adequacy ratio in line with "Practical Guidance on Agreed-Upon Procedures Engagement for Capital Adequacy Ratio and Leverage Ratio Calculation" (Practical Guidance 4465 for Specialized Business of the Japanese Institute of Certified Public Accountants, August 27, 2019).

The certain procedure is not part of the audit of the non-consolidated financial statements or the audit of the internal control over the financial reporting but was conducted by the external auditor on the agreed-upon scope and under agreed-upon examination procedures, and is a report of the results presented to us. It thus does not represent an opinion or conclusion by the external auditor regarding the non-consolidated BIS capital adequacy ratio itself or parts of internal control over the procedure to calculate the ratio.

Qualitative Disclosure Items for the Liquidity Coverage Ratio (LCR) on a non-consolidated basis

(1) Items concerning fluctuations in the LCR over time

Our non-consolidated LCR has trended steadily for the most part in the past two years.

(2) Items concerning evaluation of the LCR level

Our non-consolidated LCR satisfies the required criteria and going forward it is not expected to fluctuate significantly from the current level. The actual LCR is not significantly different from our primary forecast.

(3) Items concerning the composition of totals for eligible high-quality liquid assets

The majority of our eligible high-quality liquid assets are reserve deposit held at central banks and sovereign bonds. There have been no material fluctuations in the composition of currencies, their types and locations. Furthermore, there has been no material difference between totals for eligible high-quality assets and net cash outflows in major currencies.

(4) Other items concerning LCR

We apply neither the "treatment for qualifying operational deposit" nor the "additional collateral required to market valuation changes based on the scenario approach."
