**Publication of the Sustainability Report 2022/2023**

Sumitomo Mitsui Trust Holdings, Inc. (Director, President: Toru Takakura) published its Sustainability Report 2022/2023 in English today.

The Sustainability Report 2022/2023 has been created based on the Common Metrics for Stakeholder Capitalism released in September 2020 by the World Economic Forum's International Business Council and comprehensively presents the sustainability-related initiatives of Sumitomo Mitsui Trust Group (herein after "SuMi TRUST Group"), including the enriched information on reviewing materiality, reviewing the human rights management system and the initiatives toward solving the environmental and social issues, which had been conducted under the sustainability promotion framework, in addition to our previous approach.

SuMi TRUST Group will continuously make utmost efforts to create a sustainable society with the "Power of Trust".
